Globus Labs

Computation Institute

Argonne
NATIONAL LABORATORY

Globus Labs Members

Mission

To make all research data reliably, rapidly, and securely accessible, discoverable, and usable

Globus R&D

Explore areas related to improving and advancing Globus

- Improved performance, new features, product directions, etc.

Focused on both cyberinfrastructure and domain science research
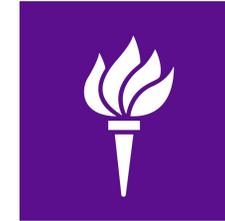

Active Research Projects

Active Collaborations

Research Projects

- Responsive storage
- Draining the data swamp
- Endpoint/transfer prediction
- MDF

- Klimatic
- CLOUDS
- ChiDB
- CODAR
- WholeTale
- And many others…
